

# I am a green student

3A – September 20th 2018

---

- I 'm filling my car with green diesel.
- I'm going to school by bike.
- I'm recycling plastic.
- I'm recycling all sorts of garbage/trash/rubbish/litter/waste
- I'm sparing water when I'm brushing my teeth.
- I'm throwing litter into the bin instead of dropping it in the street.
- I'm picking up my dog's poop.
- I'm taking public transports.
- I'm eating zero km food.
